John Wilson : Current Issues in Accounting and Auditing (Tudor Business Publishing) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Current Issues in Accounting and Auditing (Tudor Business Publishing):

There are fundamental issues currently facing accountants and auditors and this text addresses a number of the most controversial, bringing together matters of direct concern for accountants, auditors and their clients both in the public and the private sector. It will serve as an invaluable teaching text for undergraduate courses, MBAs and

professional accountancy courses as well as proving essential reading for those involved in the accountancy profession.
