a business man, lawyer, real estate developer, and some will say a philosopher. It is not a story of get rich fast, or a story of a young guy with a brilliant idea that changed the world in 5 years or less. It is a different kind of a story, a story of hard work, a story of tragedies and triumphs, a story of building your life dreams one day at a time, a story of a man with gumption. Some criticize the book of not detailing the investment philosophy of Charles Munger, some say it has too many details or too few of them. I think it is not an investment book per se, but it is a mind set book. I find it to be a fascinating story of a man with values that we all know, determination that we aspire to have, and yes some luck that we wish for. I once spoke with two business owners, they both had the same type of business, they both had partners, both were determined and hard working and they both struggled, one of them became a very successful multi branch business while the other bankrupt. Why? I think that by reading the book you might find the answer, and if not you might get inspired, when things are not bright there will be the ones who will give up and ones that will keep on pushing. Charles Munger story is of a person that kept on going for decades and achieved the success he deserved. Amir Avitzur Author of "Why do we sell low and buy high? The guide you must read BEFORE you invest" 1 of 1 people found the following review helpful. Munger at his best By Ruzan Sigantoria Not as good as expected but anything about Charlie is a must read. A decent try to show his personal side 0 of 0 people found the following review helpful. Old. And very good. Uses Coke to make a vast generalisation about life, the cause and effect of success and .. the universe. By Customer If you thought that Warren Buffet's mate was a back room boy then you're wrong. This will teach you about global success on a single human's scale. Interesting, highly personal, experiences melded with mega business history form the launch-platform for Mr Munger's acute observations about the human condition and a polemic on the Western world's education system ... and how to fix it. Five stars if you stay with it to the end.

Praise for Damn Right! From the author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of The Essays of Warren Buffett: Lessons for Corporate America "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of The Warren Buffett Way "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful." -TIMOTHY P. VICK, Money Manager and Author of How to Pick Stocks Like Warren Buffett
