Michael Blackstaff : Finance for IT Decision Makers: A Practical Handbook for Buyers, Sellers and Managers (Practitioner Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Finance for IT Decision Makers: A Practical Handbook for Buyers, Sellers and Managers (Practitioner Series):

Information technology decisions are usually made by IT experts who often lack the finance and accounting skills to fully understand the financial implications of this capital spending. This book is aimed at IT managers, addressing issues such as: how to budget and account for IT appropriately; how to build a financial case for IT investment; how to use investment appraisal techniques, as well as how to use numerous financial tricks of the trade.
