Charles Long : Finance for Real Estate Development before purchasing it in order to gage whether or not it would be worth my time, and all praised Finance for Real Estate Development:

0 of 0 people found the following review helpful. Excellent Base Level Development KnowledgeBy AntonGreat book for learning the full development cycle, from concept, to design and construction, and knowledge of the variety of capital markets and funding sources available to developers. Highly recommend.0 of 0 people found the following review helpful. Excellent Reference ManualBy Enrique MarotoThis book pays itself just by showing you the economics of how much to pay for a property to make a real development profitable.0 of 0 people found the following review helpful. For strong fundamentalsBy Eng PTGood starter points for all markets, with some details needing localisation.

Explaining how finances drive each decision in the real estate development process, this helpful industry guide recognizes the complexities and significant risks of each project and illustrates how to reconcile conflicting elements

to ultimately achieve success. A 36-year real estate development veteran, author Charles Long shares the practical information and personal insights that he has gained over the course of his career, and weaves relevant real world examples into the text, helping to clarify the principles necessary to effectively manage a project in today's financial landscape. Ideal both for those starting out in real estate development and experienced professionals who want to learn the theory behind the practice, this book offers a different perspective on making the monetary decisions that are involved in property development projects.

"A terrific look at how real estate development deals work. This book is the first year of business school in your hands." —NAREE
