The Open University : Financial accounting and reporting before purchasing it in order to gauge whether or not it would be worth my time, and all praised Financial accounting and reporting:

1 of 1 people found the following review helpful. Very small book and clearly written. By Kindle Customer It could be bigger. Very good as a refresher if you took accounting course years ago. May be too small if you aim to learn accounting from zero. The book looks more like a teaser to get you interested in Open University 0 of 0 people found the following review helpful. Good book By Customer Good explanation and wording. Easy to understand. Very

helpful in learning accounting basics. I recommend this book for anyone looking to get a leg up in business.0 of 1 people found the following review helpful. Four StarsBy mariohas usefull information for the topic

This 12-hour free course introduced the basic terminology, purpose and different types of financial accounting, and the role performed by accountants.
