Michael R. Young : Financial Fraud Prevention and Detection: Governance and Effective Practices (Wiley Corporate FA) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Financial Fraud Prevention and Detection: Governance and Effective Practices (Wiley Corporate FA):

2 of 2 people found the following review helpful. Great book!By Antonio YanezThis book is essential reading for corporate executives, directors, and anyone else interested in understanding the causes of financial fraud, how to

prevent it, and what to do if wrongdoing surfaces. It is written in an engaging style and is full of practical insights that make this book more valuable than any other I've seen on the subject. 0 of 0 people found the following review helpful. Not just another financial fraud book By SamDC Pleasantly surprised with this brand new book on financial fraud -- it's clear that the author draws on years of practical experience and knows what he's talking about. I could see it being a very helpful resource (even for those who think they've read all there is on the topic), or just an informative read for anyone curious about the issues. Worth every penny I paid for it. 0 of 0 people found the following review helpful. A must read... By DJT... for anyone interested in the topics of financial fraud and detection, especially CEOs, CFOs, Internal Audit heads and of course Audit Committee members. Michael breaks down these topics into easily digestible, yet thoroughly presented, bits of relevant information - ranging from how fraud begins to the future of financial reporting. A great read, and well worth the time!

Step-by-step guidance for board members and executives on preventing and detecting accounting fraud In the wake of highly publicized allegations of accounting irregularities and fraudulent financial reporting that are shaking up today's corporate community, *Financial Fraud Prevention and Detection* provides a step-by-step guide to how these crises can envelop a company and how to prevent them from happening in the first place. It is written for almost everyone involved: outside directors, audit committee members, senior executives, CFOs, CPAs, in-house lawyers, and outside law firms. Provides a blueprint for Fraud Prevention and Detection for corporate executives Presents step-by-step guidance to corporate boards and C-suite executives on managing the threat of accounting fraud Prepares directors and executives for the possibility of accounting irregularities Answers the question of how accounting fraud starts—and grows With solid strategies for prevention of accounting fraud as well as a process to follow when fraud has been discovered, *Financial Fraud Prevention and Detection* vividly explores the corporate environment that causes fraud, how it spreads, the kind of crises it can create for a company, and the best ways to deal with it.
