A comprehensive guide to understanding the world of financial management and analysis This complement to the bestselling Financial Management and Analysis allows readers to self-test their understanding before applying the concepts to real-world situations. Pamela P. Peterson, PhD, CPA (Tallahassee, FL), is Professor of Finance at Florida State University. Wendy D. Habegger (Tallahassee, FL) is a PhD student in Finance at Florida State University.

From the Back CoverThis comprehensive workbook and study guide is the ideal complement to the bestselling Financial Management and Analysis, Second Editionndash;the definitive guide to the fundamentals of financial management and analysis. Financial Management and Analysis Workbook, Second Edition allows you to self-test your financial knowledge before putting it to work in real-world situations. Filled with practical examples, this Workbook: Tests your comprehension and calculation skills with short-answer questions and problems that help you practice applying the principles in the actual book Covers everything from the mathematics of finance, financial statements, and the fundamentals of valuation to capital budgeting, financing options, and international financial management Walks you through the corresponding text, chapter by chapter, and provides fill-in-the-blank sections to reinforce the concepts and key vocabulary Along with a complete answer key, this Workbook also covers such essentials as securities and markets, financial institutions and the cost of money, risk and return, managing working capital, structured finance, equipment leasing, and project financing. Whether you need to hone your financial skills or just want a better understanding of the numerous tools and applications of financial management and analysis, this Workbook will help you get on track.About the AuthorFRANK J. FABOZZI, PhD, CFA, is Editor of the Journal of Portfolio Management, the Frederick Frank Adjunct Professor of Finance at Yale University's School of Management, and a consultant in the fixed-income and derivatives area. Frank is a Chartered Financial Analyst and Certified Public Accountant who has edited and authored many acclaimed books in finance. He earned a doctorate in economics from the City University of New York in 1972. He is a Fellow of the International Center for Finance at Yale University. PAMELA P. PETERSON, PhD, CFA, is a Professor of Finance at Florida State University, where she teaches undergraduate and doctoral courses in corporate finance. Professor Peterson has published numerous articles in academic and practitioner journals. She is coauthor with Don Chance of the AIMR monograph Real Options and Investment Valuation, and coauthor with David R. Peterson of the AIMR monograph Company Performance and Measures of Value Added. Professor Peterson is also coauthor with Frank J. Fabozzi of Analysis of Financial Statements and Capital Budgeting: Theory and Practice, both published by Wiley. WENDY D. HABEGGER is currently a doctoral student in Finance at Florida State University.
