Reneacute; ten Bos : For Business Ethics before purchasing it in order to gage whether or not it would be worth my time, and all praised For Business Ethics:

0 of 2 people found the following review helpful. Great BuyBy Louis HartUsing the book for class and I have liked it because it highlights some very good ethical points in the realm of business.Fast shipping. Great Seller A+++

For Business Ethics is a daring adventure into the world of business ethics. It offers a clear and accessible introduction to business ethics and also expands business ethics beyond its current narrow confines. It is ground-breaking in the sense that it invites a distinctively criticalnbsp;approach to business ethics, an approach that the authors argue is part and parcel of ethics. With a thought-provoking glossary and recommendations for further readings, For Business Ethics is an essential purchase for students and practitioners alike. It is at once an introduction to business ethics and a challenge to anyone who wishes to take part in or change contemporary organized society.

'This book is amazing. The field of business ethics has received a wake-up call.' - David Boje, New Mexico State University
