From the Ground Up is the journey of real estate magnate Dan Hoffler, a person from a very modest family, a kid with average grades and a big smile, who succeeded in business on the force of personality and a strong belief in himself.

ldquo;Dan values family very highly. A lot of the respect that he has on a personal level carries forward in businesshellip;Everyone needs someone to talk to, and I trusted him implicitly.rdquo; mdash; L. Douglas Wilder, former Virginia governor.
