B. O'Neill Wyss : Fundamentals of the Stock Market (Fundamentals of Investing) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fundamentals of the Stock Market (Fundamentals of Investing):

7 of 12 people found the following review helpful. ExcellentBy DJGreat introduction to a field that can seem quite arcane to the average joe. Affordable, pithy, and intelligible!

This practical, hands-on blueprint to stocks and mutual funds provides a thorough overview of today's stock market. From understanding how trends and policies affect markets and the basics of placing a trade to advanced issues including technical analysis, short selling, Modern Portfolio Theory, and more, this unique and useful workbook explains the stock market in clear, concise language.
