David Cottrell : Monday Morning Mentoring: Ten Lessons to Guide You Up the Ladder before purchasing it in order to gage whether or not it would be worth my time, and all praised Monday Morning Mentoring: Ten Lessons to Guide You Up the Ladder:

0 of 0 people found the following review helpful. Monday Morning Mentoring by David CottrelBy MsChris1161I highly recommend this for anyone in a leadership position. There is something new to learn for everyone -- those starting out, those been at it for awhile and maybe feeling the strain, and even for those of you who are seasoned

leaders. The writing style is conversational and easy to read. 0 of 0 people found the following review helpful. Easy to read By bigdealbrain This was recommended to me to read by a tech manager. It's a good book, very easy to read. However, it sounds somewhat contrived sometimes. It is written as memoirs of a guy getting mentored by an older, wiser guy. The young guy has problems, and the older guy tells him how to solve his problems. The novel format gets tiresome. There's not enough character development for a real novel, and I think I would just prefer the style to be more non-fiction. Great material though. I think it's a good read. 0 of 0 people found the following review helpful. Not bad By Spencer When I first started reading this book I thought I had already read it already because the story was so familiar. I opened up another book I had read before, by the same author, called Monday Morning Leadership to compare and found that the beginning of the book was verbatim. This was a little disappointing but I continued to read it anyway to see what else I could learn. After getting past the intro pages the rest of the book was very easy to understand and had great points on mentoring. This book was a very easy read and provides some good tips to follow with numerous examples.

Everyone who wants a fulfilling career needs a mentor -- someone who has seen it all before, someone who can share hard-won experiences and teach valuable lessons. In this expanded and enhanced version of his best-selling book, Monday Morning Leadership, David Cottrell packs all of the wisdom of his wide-ranging business experience into this inspirational story. Cottrell introduces us to Jeff, a successful corporate manager who has hit a major wall. Jeff has been leading his team, quarter after quarter, to great sales and better profits for several years -- until now. The tricks that used to work wonders have lost their magic; Jeff is in a slump and is at a loss to find his way out of it. Overworked, stressed, and feeling that his personal and professional lives are at risk, Jeff reaches out to the father of a college buddy, a retired and tremendously accomplished former executive named Tony. Tony and Jeff agree to meet every Monday for ten weeks to work through Jeff's problems and get his career back on track. In the course of these intimate sessions, Jeff discovers the secrets of real leadership: "Until I accept total responsibility -- no matter what -- I will not be able to put plans in place to accomplish my goals." And, "My success is the result of making better choices and recovering quickly from poor choices." Tony leads Jeff through tough lessons in how to manage his people, how to manage his own time, how to manage his superiors, and how to escape from "management land." Most of all, Jeff learns that his success is intimately bound with the success of his people and that tolerating lackluster performance in himself and others on the team only leads to discontent from his most prized and productive employees. Through Jeff's mentoring sessions, the reader meets a character of integrity who dispenses homespun but effective wisdom. Spend time with Tony and Jeff at their Monday morning meetings, and you will find yourself on the road to becoming a better leader and being more successful at work.

In an easy, readable style David Cottrell identifies the essentials for quality leadership and management. Don't miss Monday Morning Mentoring!
