NO LOGO was an international bestseller and "a movement bible" (The New York Times). Naomi Klein's second book, *The Shock Doctrine*, was hailed as a "master narrative of our time," and has over a million copies in print worldwide. In the last decade, No Logo has become an international phenomenon and a cultural manifesto for the critics of unfettered capitalism worldwide. As America faces a second economic depression, Klein's analysis of our corporate and branded world is as timely and powerful as ever. Equal parts cultural analysis, political manifesto, mall-rat memoir, and journalistic exposeacute;, No Logo is the first book to put the new resistance into pop-historical and clear economic perspective. Naomi Klein tells a story of rebellion and self-determination in the face of our new branded world.
