I wanted to dislike this book, butBy Kindle CustomerI wanted to dislike this book for being another formulaic self-help book without much to say, but I ended up quite liking it.Indeed, the Accountabilities are somewhat clunkily named and the book is infused a pervasive male slant, yet the core

messages of clarifying your intent and holding yourself accountable for implementing it in a manner consistent with your values was timely for me. I also liked the presentation style of the book that made it easily read in one or multiple sessions. And I liked the quote, although I wish the info about the quoted was included on the same page as the quote. The blurb about his next book at the end of this one is perhaps the most effective one I have ever seen and I am wrapping up this review so I can get it now before I forget. 1 of 1 people found the following review helpful. Good book, recommend it. By Billy W. Tibbs Quick read, good points, interesting material. The chapter on being accountable to your relationships hit me hard. I tend to find myself busy with work and don't make enough time for family, friends, and other work relationships. My busyness at work is an excuse and I need to be more accountable there. The other chapters were good too. Most of the material were quotes the author received from interviewing other successful people. 1 of 1 people found the following review helpful. Wow!!! By Elizabeth Suel've shared this with my team. They immediately recognized the truth of living with no more excuses. We are now accountable to each other daily and weekly. We don't allow reasons why we didn't do something. We just say what we did and let that speak for itself. There is freedom in this method. Highly recommended you read it and get busy.

Accountability is not a way of doing. Accountability is a way of thinking. Those who achieve greatness know true accountability makes all the difference between success and failure. Based on extensive interviews with accountable leaders--from Fortune 500 CEOs to Hall of Fame athletes--No More Excuses identifies the five accountabilities of successful people and organizations. These tenets encourage accountability in others and performance at the highest level. When you willingly accept and embrace the five accountabilities, you encourage accountability in others and empower your teams to achieve at the highest level. The result is an organization focused on its fundamental values and committed, at the individual level, to achieving critical strategic goals. Whether you're a business owner, a top executive, or a team leader, accountability starts with you and trickles down to everyone else. If you want to build an organization that achieves its goals and beats the competition it's time for No More Excuses.

"As a former CEO of Southwest Airlines, I learned that a key leadership principle for success in a challenging market was to make accountability a competitive advantage. In this exciting read, No More Excuses, Sam will show you step-by-step just how to do that. The five accountabilities that Sam shares will be key in making your organization successful." --Howard Putnam, Former CEO, Southwest Airlines, and author of The Winds of Turbulence
"At ING DIRECT, we believe that understanding and driving a culture of accountability is a major competitive advantage for our business. Practicing the fundamentals of accountability as set out in this book can help you differentiate your business, drive engagement and retention among your employees, improve interactions with your customers, and drive business results. Sam Silverstein's unique approach to this strategically vital issue is required reading." --Peter Aceto, President CEO, ING DIRECT, Canada
"When I look at the Five Accountabilities, I think these are probably the key drivers that allow people to make and fulfill commitments." --George Tamke, Chairman of The Hertz Corporation; Culligan Ltd.; and ServiceMaster
"In the age of finger-pointing and corporate bailouts, accountability seems to be a long forgotten myth. As someone who sees, first-hand, the impact of personal accountability on our nation's healthcare costs, I view No More Excuses as an important guide for individuals and corporations that want to harness the power of accountability to achieve their goals." --Stan Nowak, CEO cofounder, Silverlink Communications, Inc.
From the Inside Flap Accountability is not a consequence. Accountability is your competitive advantage.
